Choose France is a registered trademark of the French government that promotes France's economic attractiveness internationally.

www.choosefrance.fr

The French Tech Mission is a team of civil servants responsible for helping the ecosystem of French start-ups form and flourish, in France and abroad.

As part of the Directorate-General for Enterprise within the Ministry of Economy, Finance and Industrial and Digital Sovereignty, the Mission coordinates and oversees the French Tech ecosystem with its network of 16 Capitals and 99 Communities, in France and abroad. It also supports start-ups by making it easier for them to interact with the administration via a network of more than 60 French Tech contacts.

The French Tech Mission supports the most mature start-ups through the French Tech Next40/120 program, as well as start-ups operating in sectors identified as

strategic as part of the France 2030 plan with the French Tech 2030 program.

Finally, through the French Tech Tremplin program, the French Tech Mission enables people without an entrepreneurial background to create their own start-up anywhere in France.

To know more about this initiative:

Follow us on LinkedIn and X:
[@LaFrenchTech](https://www.linkedin.com/company/lafrenchtech)

Welcome to La French Tech desk:
www.welcometofrance.com/en/welcome-to-la-french-tech

Business France has a clear mission: to boost French entrepreneurial audacity in France and throughout the world. Thanks to our network of more than 1,400 employees in France and worldwide, we support French export businesses step by step, providing advice, crucial information on the markets and access to reliable partners.

We also promote France to foreign investors, making it easier for them to establish themselves.

At the same time, we promote the VIE international internship program, a unique experience for young talent abroad.

Alongside CCI France and Bpifrance, we form Team France Export, supporting France's different regions and their entrepreneurial fabric as they succeed in international markets. Together, let's raise the flag of French business throughout the world!

Exhibitors list

DIGIPAIR

www.digipair.ai

DIGIPAIR transforms the way organizations work with technology. It's the first sovereign, explainable, and controllable agentic suite, built for enterprises and powered by our open-source agentic engine, DIGIPAIR Community.

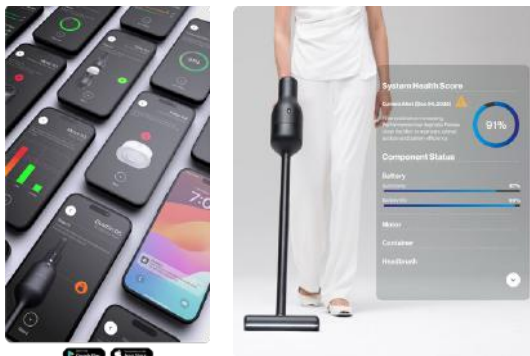

Marc BUILS, CEO
 +33 (0)6 71 67 95 95 - marc@digipair.ai
Antoine JUSSÉLIN, CCO
 +33 (0)6 01 60 60 49 - antoine@digipair.ai

* DEGLACE

Deglance

www.deglance.tech/en/

Deglance designs modular, AI-powered home appliances built to last. Our first product, Fraction, is the world's first modular smart vacuum: swappable, upgradeable, and sustainable — engineered to break free from throwaway culture and redefine durability.

Geoffroy HULOT, CEO
 +33 (0)6 25 65 18 03 - geoffroy@deglance.fr
Matthieu DE WOLF, CTO
 +33 (0)6 17 58 16 07 - matthieu@deglance.fr

MAILVISTA by TEAMWAY

www.mailvista.ai

Mailvista is an innovated solution developed by TEAMWAY Company. MailVista is an Intelligent Inbox Solution. It's combining advanced AI and eco-conscious design.

It summarizes, prioritizes, and categorizes emails for personalized and sustainable experience. Email reimaged, simple and powerful.

Xavier MALAURIE, CEO
 +33 (0)6 52 12 70 60 - xavier.malaurie@teamway.fr
Emmanuelle MARTIN, Marketing Manager
 +33 (0)6 73 57 93 01
 emmanuelle.martin@altioremt.fr

devana.ai

Devana

www.devana.ai

Devana is shaping the future of sovereign AI for governments, finance, and critical sectors. Our hybrid AI systems operate from edge to HPC and are also available offline with the Devana AIS Box : an autonomous module combining advanced AI and agentic intelligence for the most demanding missions.

Barbara DELACROIX, CEO and Cofounder
 +33 (0)6 31 60 57 05 - barbara@devana.ai
Marvin SANT, CTO and Cofounder
 +33 (0)6 30 01 09 49 - marvin@devana.ai

Lizia

www.lizia.fr

Lizia is the fast-growing French brand behind a clever 3-in-1 reading tool: page holder, warm LED light, and bookmark. Designed and made in France, it lets you read comfortably with one hand, anywhere. Readers love its sleek build and gift-ready design—smart, simple, unforgettable.

Antoine PRIGENT, Business Manager
+33 (0)6 48 84 91 49 - antoine@lizia.fr

Cédric LE GUERN, Founder
+33 (0)6 51 70 96 82 - cedric@lizia.fr

Solver AI

www.solver-ai.net

Solver AI is a SAS led by a passionate female engineer and a pharmacist, with their team, united by one mission: save time for everyone, everywhere. Backed by 2 patents, app-connected technology, a Florida subsidiary, and endless B2B & B2C opportunities.

Julia CHELLY, CEO
+33 (0)6 51 74 51 32 - juliachelly00@gmail.com

Samuel MARCIANO, Co-CEO
+33 (0)7 83 02 50 49 - samuelmarciano1902@hotmail.fr

Vaonis

<http://www.vaonis.com>

Vaonis is a French company based in France that designs smart telescopes combining top-tier optics, electronics, and embarked software. Its mission is to make astronomy accessible to everyone through fully autonomous instruments controlled by smartphone.

Souhail ALAOUI, Marketing Manager
+33 (0)6 67 76 31 09 - souhail@vaonis.com

Xavier CROUILLES, Chief Of Operations
+33 (0)6 03 74 94 47 - xavier@vaonis.com

Y-Brush by Biotech Dental

y-brush.com

Y-Brush by Biotech Dental develops fast, connected oral-care solutions that clean teeth in 20 seconds and integrate advanced health sensors. Our innovations combine efficiency, personalization, and daily health monitoring for a smarter oral-care experience.

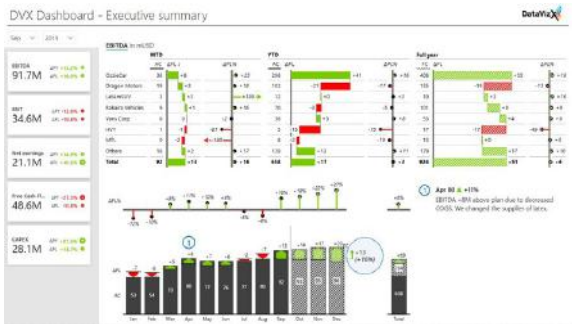

Benjamin COHEN, Y-Brush founder, Senior VP Consumers & Patients BU
+33 (0)6 70 63 72 60 - benjamin@y-brush.com

DATAVIZX by PRODEVA

www.datavizx.com

DATAVIZX turns accounting and business data into actionable insights through automated dashboards. Our BI solutions help firms and SMEs make smarter, data-driven decisions with Power BI and Zebra BI technologies.

Serge BARROS CHAVES, CEO

5906 90 33 03 53 - serge@datavizx.com

Astrid BRUYER PETRIZELLI, Marketing Manager

+33 (0)7 67 94 96 21 - astrid@datavizx.com

IMATAG

www.imatag.com

IMATAG is a French pioneer in digital watermarking technology, founded in 2015. We specialize in protecting and authenticating visual content through invisible watermarks. Our patented solutions serve press agencies, brands, and enterprises worldwide.

Christine DESCHASEAUX, CMO

+33 (0)6 83 10 74 41 - christine.deschaseaux@imatag.com

Mathieu DESCHASEAUX, CEO

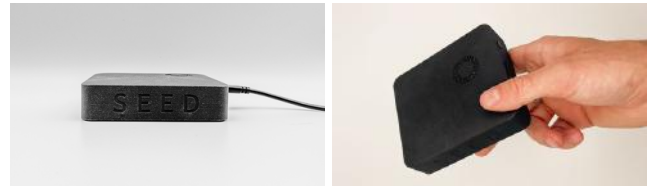

+33 (0)6 62 39 07 50 - mathieu.desoubeaux@imatag.com

EPSEED

www.epseed.com

EPSEED is a French company developing secure, sovereign and autonomous environments for hybrid work and education. Our solutions help companies and schools deploy isolated, high-performance digital spaces—on any device, anywhere.

Kélian BAILET, CEO

+33 (0)7 67 95 35 39 - kelian.bailet@epseed.org

Darius MOREL, Deputy Director

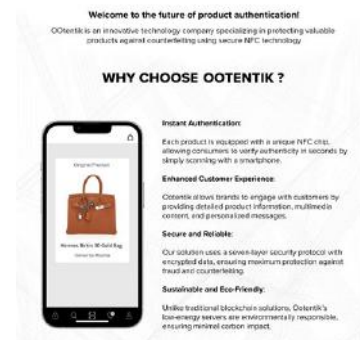

+33 (0)6 98 36 99 08 - darius.morel@epseed.org

OOTENTIK

www.ootentik.net

Ootentik protects brands from counterfeiting with secure NFC chips and a mobile app. Our solution integrates the Digital Product Passport, required in Europe from 2027, ensuring authenticity, traceability, and stronger customer engagement.

Cyril CIAVATTI, CEO

+33 (0)7 83 90 03 00 - ccyril@ootentik.tech

Wilfrid MONNIER, Co-Founder

DASSAULT SYSTÈMES AT CES 2026, LAS VEGAS

Innovation That Transforms Society and Makes Impact

At Dassault Systèmes, we empower startups, innovators and businesses to imagine, design and build a more sustainable world using the power of virtual worlds.

3DEXPERIENCE Lab – Open Innovation for Positive Impact

The **3DEXPERIENCE Lab** accelerates high-impact startups by giving them access to the **3DEXPERIENCE** platform on the cloud, advanced design and simulation tools, a global ecosystem of mentors, experts and partners, marketing and communication support and Fab Lab for prototyping facilities.

SOLIDWORKS for Startups Program

A program for early-stage companies developing physical products, that gives them free access to industry leading product design, engineering and simulation tools, including **SOLIDWORKS®** Design for a year. The program has been shaping hardware startup success since 2015.

At CES, Meet the Innovators Changing the World

- **Biomotum**, building intelligent assistive devices to help more than a billion people worldwide who suffer from impaired mobility
- **Endiatx**, making healthcare more accessible, affordable, and non-invasive with digital, pill-sized robotics that replace traditional invasive procedures
- **3KNANO**, developing reliable, low-cost biosensors for healthcare and environmental monitoring by using nanomaterials and screen-printed carbon electrode
- **OLI**, enabling hemodialysis without boundaries in a portable, personal, powerful way
